Dear Families and Guardians at Elanora Heights Public School,

CommunityOSH is absolutely delighted that we were chosen to be the OSHC provider for Elanora Heights Public School commencing on the **Monday 19<sup>th</sup> of April, 2021**. Some of you might be asking yourself – who are CommunityOSH and what do they stand for? In a few words might we suggest the following:

- ❑ Absolute commitment
- ❑ Outcome-based practices
- ❑ Focus on child and family wellbeing and community involvement
- ❑ Exceeding the expectations of OSHC service standards
- ❑ A true partnership with the school.

Our flexibility as a smaller, owner-operated service promotes a uniquely meaningful two-way connection with each school, which in turn enables us to provide a bespoke service that best meets the needs of each school community. It is the relationship we have in partnership with Elanora Heights Public School which will enable us to be our very best.

The last word however must always belong to the children. Philosophically, our goals for the children are simple: **to have fun and to develop in a safe and secure environment**. Our focus has been on supporting and challenging each child to be resourceful, resilient and forward-thinking. And above all we hope that every child in our care will take away fond and lasting memories from their time at CommunityOSH.

We look forward to meeting with you and look forward to any feedback you may have for us. We have met with the current team members and will provide a staffing update shortly.
